Medway Planning Policy update

'Medway Council has recently updated its programme for preparing the new Medway Local Plan.

We are now working to publish the draft plan later this year, so that we can take account of the outcome of a major bid for infrastructure funding. You can see the updated timetable for the new local plan in the Medway Local Development Scheme [here](#) (click on LDS document).

We are working on a number of documents to support the local plan. This includes planning for our town centres. We are publishing draft masterplans and delivery strategy documents for Chatham, Gillingham and Strood for comments.

We are consulting on these documents from **16 August to 30 September 2019**. We welcome your comments and will take these into account in drawing up final versions of the plans

Appendix: Responses sent following 28 August Newington Parish Council Meeting

Application: 19/503819/FULL Land Adjacent To Cromas, Callaways Lane, Newington ME9 7LX

Proposal: Erection of a detached residential dwelling (revised scheme to 18/506309/FULL).
Comments sent: Councillors have considered the application, the latest in a series on this site, and note, with regret, that the previous application had been passed following the resolution of points made by the Planning Inspectorate last year. This latest scheme has material amendments to previous ones, notably the living room moved to the first floor with rooflights fitted. The Parish Council is concerned that the site, on the edge of the Newington Manor Conservation Area would have solar panels which would be out of keeping with the Conservation Area and visually intrusive from it. We are concerned about the potential for overlooking and ask that any neighbour comments are taken into account when making a decision. Councillors have serious misgivings regarding the driveway being off Cranbrook Lane and believe that the plans provided would make vehicular access very difficult

Application : 19/503737/SUB Land Adjacent To 5 The Tracies, Newington, ME9 7TQ
Submission of Details to Discharge Condition 4 |

Email sent to Planning Officer Rebecca Corrigan

As discussed with Meghan Harris

ROUTING OF CONSTRUCTION AND DELIVERY TRAFFIC It is anticipated that general site clearance works will commence from August 2019. All temporary site perimeter fencing deemed necessary will be erected prior to any construction operations commence. All construction traffic will need to approach the site via The Tracies, generally coming from the A2, turning left into Bull Lane and subsequently another left turning into Callaways Lane. Manufacturer's and suppliers needing to deliver to the site will be advised of the 7.5 tonne weight restriction of any vehicle trying to turn left from the A2 directly into Callaways Lane and that this road is restricted.

Bull Lane is a very tight junction and narrow road. Traffic would be better turning left into Playstool Road and then following it to the junction with Callaways Lane. A condition to make this clear would be helpful.
