Mark your property to deter burglars

Property Marking

A determined burglar can be difficult to discourage. Good-quality doors, windows and locks are excellent deterrents, but there's even more you can do to stop burglars in their tracks.

Mark it

Make your valuables less attractive to thieves by using a property or police approved forensic marking solution only visible under Ultraviolet (UV) light. This can take the form of a special marker using ink or paint. Mark or etch your property with your postcode, house or flat number or the first three letters of your address. All of these measures help police identify stolen goods, making it harder for thieves to sell. So make your mark.

And property marking isn't only for things like electrical items and bikes, you can also mark high value belongings like antiques. However, we recommend that you seek specialist advice.

Register your property for free on www.immobilise.com – it helps the police identify the owners of recovered property. You can register anything that as a serial number with Immobilise.

Record it

Register your valuables using an accredited property database.

Take photographs and keep documents like receipts related to your property so you can prove ownership.

Register your bike

If you value your bike, then register it with www.bikeregister.com. The prominent stamp acts as a great deterrent.

Flag it it

If you value it, then mark it as protected. Window stickers and signage are extremely effective and are proven to be a powerful deterrent against burglary.

If you would like a property marking kit please pop into Sittingbourne Police Station front counter where we will provide you one.

Deadline for articles 20th of each month, please contact Tony Mould e-mail clrrtmould.npc@gmail.com

Newington History Group

Monthly talk: Influential women who made their mark during the first millennium will feature in this month's Newington History Group talk in the Village Hall on Thursday, April 24 at 7pm.

The talk, Powers Behind the Thrones, will be given by Imogen Corrigan, a lecturer in Anglo-Saxon and Medieval history. She will speak not only about saintly and worthy women who led with a firm, guiding hand, but those who are remembered for their cruelty and monstrous behaviour.

Those women had a voice, sometimes ruling those who ruled:
down-trodden and marriage chattels they were not!

The evening is open to all (£4 at the door, members free).

Stay for a chat and free hot drink afterwards - we're a friendly group.

Next month, Sue Flipping will bring the inside story of Invicta Radio, Kent's first independent radio station in Behind the Mic on Thursday, May 22 at 7.30pm (NB: Note change to the usual start time).

Membership: Newington History Group meets monthly (except Jan. and Aug) and membership is available at £18pa.

By taking out a membership you'll be supporting the group's community work plus its research and promotion of the village's heritage. In addition, it gives you free entry to the group's monthly talks.

Email: newingtonhistorygroup@outlook.com; Website: newingtonhistory.uk; Call: 07506 239970; Facebook: Newington History Group.

School 175: Newington CE Primary School is celebrating its 175th anniversary this year. NHG is working with school staff to commemorate the occasion and hope you will be involved.

Did you or anyone in your family attend the school? We'd love to collect your memories, however vague, or see any mementos you may have. Contact the history group and please spread the word.

The school is hoping to organise an event for the summer so contact us asap.

Village archaeology: The Newington Community Archaeology Project, NewCAr2025, resumes on Sunday, April 20, and continues the following day following its winter break.

If you'd like to volunteer – experience is not necessary – email Richard Emmett at richard@hrgs.co.uk or contact the history group for details.

An extraordinary number of Late Iron Age and Roman items have been unearthed at the site along with more recent artefacts.

Dog Poo

Dog poo doesn't just look horrible, and it isn't just messy and a pain to clean up. It's dangerous. Every gram of dog poo contains 23 million bacteria, many of which can be passed on to humans – including campylobacteriosus, salmonellosis, toxocarisis (roundworms), coccidian, cysticerosis (tapeworms), E.coli, giardia and parvo. The symptoms for many of these include fever, vomiting, diarrhoea and dehydration. As dog poo disintegrates, it also pollutes fresh water supplies, meaning it can affect the eco-system and could even end up in our drinking water. In fact, according to one source, dog poo is the number three cause of water pollution. Please clean up after your dog, think of our environment and use the bins provided.

Medway Arts Society

The Art Society of Medway meets on the 3rd Tuesday of every month for lectures on a wide variety of Arts subjects. Also day visits to places of interest.

New members & visitors welcome

Meeting starts at 11am at, Franklin Rooms

Incidents of Note

On Sunday 30th March 2025 approximately £3,000 of damage was caused to Sittingbourne and Milton Golf Club, Wormdale Hill, Newington owing to three off road bikes churning the ground up. It is thought they are being dropped off in a white van and then riding along a bridleway between Chestnut Street and the golf course. All riders were wearing dark clothing with no crash helmets but balaclavers covering their head. Two of the bikes were black and one was red and white in colour.

If anyone has any information regarding this incident, please call 101 and quote Kent police investigation 46/53982/25, or alternatively you can email quoting 46/53982/25 to:- reply@neighbourhoodalert.co.uk

News from Citizens Advice Swale April 2025

Are you worried about debt and rising bills?

With energy, water and broadband bills on the rise, it's getting increasingly difficult for many people to cover their expenses. It's important to know you're not alone in finding things difficult and that financial support might be available to help ease the burden.

Checking benefits eligibility

A significant number of eligible people don't claim the benefits that are available to them, so it's important to understand what you're entitled to. You may be able to claim benefits if, for example, you're at working age and on a low income, you're sick or disabled, are of State Pension age with a low income or no income, or if you're a carer. Contact us for help with checking you're receiving everything you're entitled to.

Reducing outgoings

If you claim benefits or are on a low income, you may be eligible for a reduction in Council Tax. Discounts can also be given to students, those living with a carer, or people who live alone, to name some examples. If you have children and claim certain benefits, or are on a low income, you may qualify for free school meals, transport to school, or support with the cost of uniform.

We may be able to help you pay for things like energy and water bills, food or other essential costs, through the Household Support Fund. Contact us to find out more.

To reduce other expenses, you may be able to switch to a cheaper broadband deal, get a water meter fitted, or access discounted travel options. We can help with this too.

Creating a budget and prioritising bills

If you're finding it difficult to stay on top of bills, budgeting tools like the one on the MoneyHelper website can be very useful in helping you understand what money you have coming in and going out each month.

If you're behind on bills, you should prioritise paying rent, mortgage payments, Council Tax and energy bills, as these are known as 'priority' debts which have the most serious consequences if missed. Once you've got priority debts under control, you should look at credit card or store card debts, missed Buy Now Pay Later payments or payday loans.

Whatever debt you're dealing with, it's important to speak to the person or company you owe money to as early as you can. You could show them a copy of your budget to let them know what your financial situation is and then see if there are any steps you can take to start dealing with your debt.

Just remember, you're not alone and we're here to support you.

Here's how to contact us for advice:

Appeal from PC Jez Chittim

I still get regular complaints about off road bikes, mainly travelling along Bull Lane and Church Lane, however I still don't have names of those involved. There have been some complaints of a male with a small girl sitting on the front of an off road bike riding along Church Lane and Denham Road. I really want to know who these people are so that I can stop a serious incident occurring. People can report anonymously if they are more comfortable doing this via crime stoppers or by getting in touch with me via

Rogue Traders/Bogus Tradesmen

Bogus tradesmen, door-to-door sales or doorstep fraud involves fraudsters trying to scam you after knocking at your door.

Legitimate doorstep selling involves someone selling you goods or services in your home or on your doorstep. Many honest businesses use this technique – but so do fraudsters.

Buying on your doorstep can be convenient. However, a salesman who uses clever tactics can pressurise you into buying something you actually don't want or something that's poor value for money.

Door-to-door frauds can take many forms, including:

- pressure selling
- unfair contracts
- overpriced or substandard home maintenance or improvements
- phoney consumer surveys
- bogus charity collections.

Such frauds involve promoting goods or services that are either never delivered to you or are of a very poor quality. Fraudsters may also bill you for work that you didn't agree to. There are specific laws about door-to-door sales. Many are required to give you a 'cooling-off' period (where you can change your mind or request your money back). Bogus tradesmen will offer none of these, and even if they do, you can be sure their 'guarantee' will not be honoured.

Bogus salespeople will provide false identity or contact information, making it impossible for you to identify or contact them. If you've paid them in advance, you won't get your money back.

Even if your bank or insurance policy covers any loss, you'll still have to contend with a damaged credit rating, continued correspondence over a prolonged period to repair the damage, and the emotional distress and anxiety identity theft can cause.

Also, be wary of opening your door to a potential burglar or someone who wants to get inside your property to enable other people to break in. Once they get through your door, fraudulent salespeople can take note of your valuables and any security measures you have in place.

The victims

Victims are often vulnerable, elderly and/or isolated people who know nothing of these scams and so are trusting of anyone who is friendly or seems knowledgeable and genuine. After they have become a victim, they often feel ashamed and/or scared and so don't tell anyone. This not only means the original scam goes unreported but it also makes it easy for the rogue trader to return for more. The stress of the victim's shame or fear may also go on to cause physical or mental health problems. And even if the traders are reported they are often untraceable as they will have given the victim false contact details or none at all.

Are you a victim of bogus tradesmen fraud?

- You've bought faulty, overpriced or substandard goods or services from someone knocking at your door.
- You've paid for these goods or services by credit or debit card.

What should you do if you've been a victim of bogus tradesmen fraud?

- Report it to Action Fraud.
- You can report the salesperson to the Citizens Advice on 0808 223 1133. or to the National Trading Standards if you believe they have sold you faulty, inferior or overpriced products or services. Similarly, you can seek advice from Citizens Advice about the terms and conditions of any agreement or contract you may have signed.
- If you've made the payment by credit/debit card or by cheque, contact your credit card company and/or bank and advise them that you're a victim of improper door-to-door sales techniques and your identity or financial details may have been compromised. They'll advise you on cancelling payments and ensuring your finances remain secure.

RECYCLING INFORMATION FOR RESIDENTS

What is contamination?

- It is placing non-recyclable materials or items into your blue recycling bin/clear sacks.
- It is placing items into your recycling bin/clear sacks which have not been emptied or rinsed well enough.
- Placing recycling in black sacks is also classed as contamination as we are unable to see the contents inside the bag. **Placing recycling into the bin loosely is preferred, please do not use carrier bags or white sacks to dispose of your recycling in your blue bin.**

Please help by following the 3 Simple Steps to getting your recycling right:

- **STICK TO THE DRY RECYCLING LIST ONLY:** Paper and cardboard, glass bottles and jars, metal food and drinks cans, foil, plastic bottles, tubs, pots and trays
- **MAKE SURE ALL RECYCLING IS CLEAN BEFORE IT GOES INTO YOUR RECYCLING BIN/CLEAR SACKS:** You do not need to use clean water for this. Once you have finished washing up, just give the recycling a quick rinse before putting it in your blue bin or pop it in your dishwasher!
- **DO NOT PUT ANY OF THE TOP 4 CONTAMINATES IN YOUR RECYCLING BIN/CLEAR SACKS**
 1. Nappies/Sanitary Items
 2. Textiles/Electrical Items
 3. Black sacks (we cannot empty bins where recycling is in black sacks)
 4. Food/Unclean containers

Please see the full list of what you can recycle on our website:

www.swale.gov.uk/recycling-blue-bin

or by using the QR Code

New year, new Challenge? Volunteer befrienders needed in your local community!

Our wonderful team of volunteer befrienders already make a huge difference in the lives of the local people they visit.

Each week a befriendee and their “friend” might enjoy a chat and a cuppa together or perhaps play a game, do puzzles, swap stories and hopefully enjoy some laughs. This should be an hour a week for both parties to look forward to. Befrienders are also a valuable set of eyes and ears to spot potential problems and can work in conjunction with the organisation to sign-post service users when required.

Our befrienders are not allowed to become involved in personal care, domestic tasks, administering medication, financial/legal matters or offer formal advice.

- Are you 18 or over with about **an hour a week** to spare to bring a smile to someone and reduce loneliness?
- Are you kind, patient and compassionate with an ability to empathise and engage with individuals regardless of cultural or social background?
- Could make a difference to someone by bringing the outside world in and brightening their day?
- Do you have an ability to work with older individuals with a friendly and enthusiastic approach?

If the above applies to you and you would like to apply or find out more, please get in touch with our **Befriending Coordinator via email nikki.holt@ageukfs.org.uk or by phone on 01795 532766**

A DBS check and references will be required along with mandatory training.

Fake email offering a free electric toothbrush

10,000 reports across the UK and counting. Watch out for fake emails promising free Oral-B electric toothbrushes.

The email asks you to click on a link and complete a survey, but it is all a scam to steal your personal and financial data.

If you get an email like this, then please forward to report@phishing.gov.uk

If you think that you may have been a victim of this or any other type of scam, then contact your Bank immediately, which you can do by calling 159 and report it to Action Fraud at www.actionfraud.police.uk or call 0300 123 2040.

SCAM WARNING

Electric toothbrush scam emails reported 10,000 times

Action Fraud has received 9,981 reports relating to fake emails purporting to give away a free Oral-B iO Series 9 Electric Toothbrush. The emails usually impersonate well-known retailers, such as Boots, and claim that the recipient will receive their free toothbrush if they simply follow the links in the email and complete a feedback form. The links in the emails lead to malicious websites designed to steal personal and financial information.

* If you have any doubts about a message, contact the organisation directly. **Don't** use the numbers or address in the message – use the details from their official website. Your bank (or any other official source) will never ask you to supply personal information via email.

Bank Impersonation/Courier Fraud

We have received reports where victims are being targeted by criminals impersonating their Bank. They will state they are from their Banks Fraud Department and that they are passing them through to the "Fraud Squad" as their Bank account is being used for Fraud. They will ask them to withdraw cash as part of an investigation and to post the money to an address that the criminals supply. The Scam appears all very plausible and is designed to panic the victims into complying with the criminals wishes.

Your Bank or Police will never call like this and ask you to withdraw cash to be posted to an address or to be collected by a courier.

If you get a call like this and are unsure, then STOP. Get their details and then call 159 for your Banks Fraud Department or 101 for the Police but using a different telephone to the one that you were originally called on. If you do not have a different telephone to hand, then wait 5 minutes and ring a family member or friend to ensure the line has been disconnected.

If you think that you may have been a victim of this or any other type of scam, then contact your Bank immediately, which you can do by calling 159 and report it to Action Fraud at www.actionfraud.police.uk or call 0300 123 2040.

HMRC Scams are on the increase

We have received reports recently of criminals impersonating HMRC and telephoning people stating that they owed money for back tax or a fine and that unless paid immediately they would send the Police to arrest them. They will often tell you to pay this by Bank Transfer or to buy gift cards and to call them with the gift card numbers.

It is a SCAM - HMRC would never call you like this and will never threaten you with arrest.

For more advice check the following HMRC website –

Delivery Scams Happening Now

We have received reports of Kent residents receiving packages addressed to them but found that they contained items that they had not ordered. A short while after the packages were delivered a courier is reported to have re-attended their address to collect the packages, claiming they had been delivered in error and that they will take them back for them.

However, it is a scam. As the criminals have ordered the goods and then arranged delivery to the victim in the victim's name and to the victim's home address, with the criminals then collecting the goods stating that they were delivered by mistake.

The first time the victim knows that there is a problem, is when they are contacted for payment of the goods. Often the items ordered are high value Mobile Phones and Laptops.

If goods are delivered that you have not ordered and are marked with your address, then you should inform the company that sent it and wait for them to send a courier. Always check with them which courier company is making the collection and when they will arrive. If someone knocks on the door claiming to have come to pick it up after it was delivered by mistake, then do not hand the items over.

If you think that you may have been a victim of this or any other type of scam, then contact your Bank immediately, which you can do by calling 159 and report it to Action Fraud at www.actionfraud.police.uk or call 0300 123 2040.
