WE NEED YOU

Deadline for response 15th November 2025

The fete is due to be held on Saturday 11th July 2026 however we are at a crunch point. If there is to be a fete in 2026, we need villagers committed to help.

We need help planning and organising the fete. (We usually meet for an hour once a month from January to June and then more often in the run-up to the big day). The process has become a 'well-oiled machine' and we will be on hand to advise and help throughout.

We need practical help setting-up and clearing-away, a van with driver and helpers to collect benches from the school and tables from the village hall on the Friday afternoon and to return them on the Monday morning. Saturday morning helpers to mark-out the stall positions, set up the dog show arena and assemble the gazebos, tea tent and seating. Saturday afternoon helpers to put stuff away at the end of the fete and Sunday morning helpers to assist in getting things straight.

With enough helpers we can have another successful Fete for our residents. Without help, the future of the fete is in doubt.

For offers of help, or questions, please contact Elaine Jackson

Swale Foodbank

We don't think anyone in Swale should have to face going hungry. That's why we provide three days' nutritionally balanced emergency food and support to local people who are referred to us in crisis. We are part of a nationwide network of foodbanks, supported by The Trussell Trust, working to combat poverty and hunger across the UK.

Locations

Here are the opening times and locations for our foodbank centres.

Everyone who comes to the foodbank for emergency food needs to have a valid foodbank voucher.

They can help address your crises and provide support to maximise your income, help you navigate the benefits system, and identify any additional grants you could be entitled to. If needed, they'll issue you with a voucher so you can get an emergency food parcel from your local food bank.

We have 4 centres currently open – each centre runs at a different time and a different location.

Mondays @ Rhema Miracle Centre, (used to be Net Church), East Street, Sittingbourne, ME10 4BL

11.30am-1.30pm

Tuesdays @ Holy Trinity Parish Hall, Church Street, Sittingbourne, ME10 3EG 11am-1pm

Wednesdays @ The Lighthouse Cafe, Hope Street Centre, Sheerness, ME12 1AJ 2pm-4pm

Fridays @ Church House, St Michaels Church, High Street, Sittingbourne, ME10 4PG 10am-12pm

Your local officer is Police **Jacob Boosey**

The banner features the 'My Community Voice' logo on the left, which includes a stylized city skyline and the text 'Protecting the neighbourhoods of Kent and Medway'. To the right of the logo are four horizontal bars with icons and text: a pink bar with a bell icon saying 'Find out what's happening in your area', an orange bar with a speech bubble icon saying 'Receive alerts from your local officers', a green bar with a group of people icon saying 'Tell us what matters most to you', and a blue bar with a 'Sign up' button icon saying 'Sign up today and make your voice count'. On the far right is a yellow box with the text 'MCV is a two-way engagement tool brought to you by Kent Police' and the website 'mycommunityvoicekent.co.uk' at the bottom right.

Dog Poo

Dog poo doesn't just look horrible, and it isn't just messy and a pain to clean up. It's dangerous. Every gram of dog poo contains 23 million bacteria, many of which can be passed on to humans – including campylobacteriosis, salmonellosis, toxocariasis (roundworms), coccidian, cysticercosis (tapeworms), E.coli, giardia and parvovirus. The symptoms of many of these include fever, vomiting, diarrhoea and dehydration. As dog poo disintegrates, it also pollutes fresh water supplies, meaning it can affect the eco-system and could even end up in our drinking water. In fact, according to one source, dog poo is the number three cause of water pollution. Please clean up after your dog, think of our environment and use the bins provided.

RECYCLING INFORMATION FOR RESIDENTS

				
food and drink cans	mixed glass	mixed paper	cardboard	plastic bottles, pots, tubs & trays
 Kent recycles 				

What is contamination?

- It is placing non-recyclable materials or items into your blue recycling bin/clear sacks.
- It is placing items into your recycling bin/clear sacks which have not been emptied or rinsed well enough.
- Placing recycling in black sacks is also classed as contamination as we are unable to see the contents inside the bag. **Placing recycling into the bin loosely is preferred, please do not use carrier bags or white sacks to dispose of your recycling in your blue bin.**

Please help by following the 3 Simple Steps to getting your recycling right:

- **STICK TO THE DRY RECYCLING LIST ONLY:** Paper and cardboard, glass bottles and jars, metal food and drinks cans, foil, plastic bottles, tubs, pots and trays
- **MAKE SURE ALL RECYCLING IS CLEAN BEFORE IT GOES INTO YOUR RECYCLING BIN/CLEAR SACKS:** You do not need to use clean water for this. Once you have finished washing up, just give the recycling a quick rinse before putting it in your blue bin or pop it in your dishwasher!
- **DO NOT PUT ANY OF THE TOP 4 CONTAMINATES IN YOUR RECYCLING BIN/CLEAR SACKS**
 1. Nappies/Sanitary Items
 2. Textiles/Electrical Items
 3. Black sacks (we cannot empty bins where recycling is in black sacks)
 4. Food/Unclean containers

Please see the full list of what you can recycle on our website:
